1. Introduction

The Uni Textbook Marketplace is a university-only marketplace where verified students can buy, sell, and swap textbooks. It offers module-aware browsing, edition-specific listings, and privacy-first in-app messaging to reduce scams and mismatches.

2. Getting Started

2.1 Landing Interface

When you first open the Uni Textbook Marketplace, you'll be greeted by a landing page that highlights the platform's core features:

- Buying and selling textbooks
- Verified-student-only access
- In-app messaging

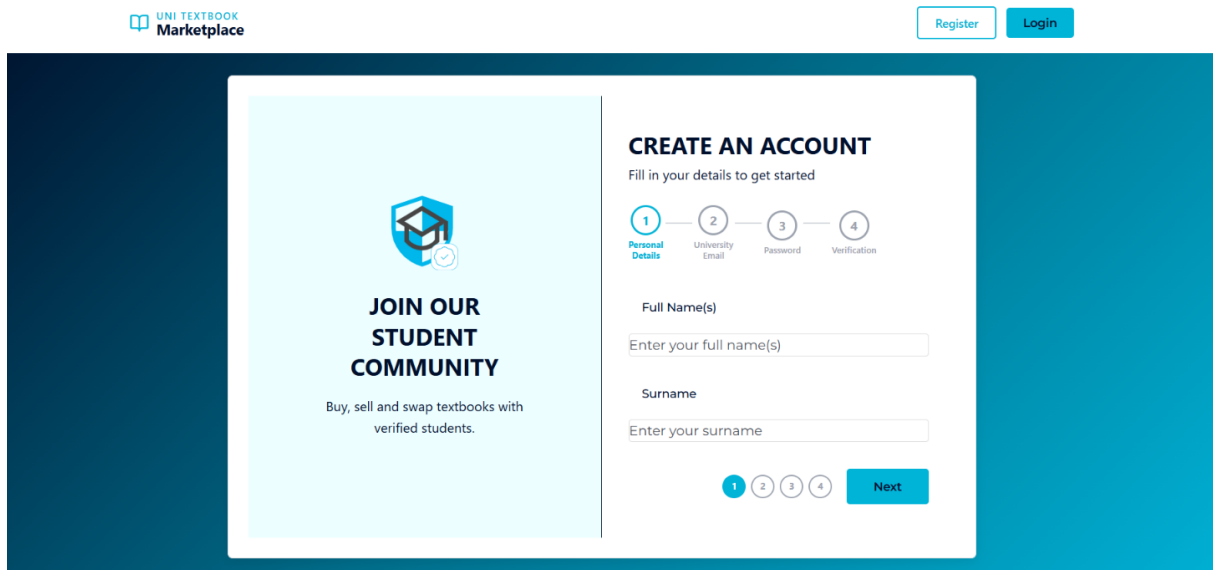

Figure 1: Landing page

2.2 Register Interface

The Uni Textbook Marketplace's registration interface consists of multiple steps for student verification and authentication. Students are verified via their university email; after registering, they receive an OTP code to confirm their identity.

- **Step 1** Personal details
- **Step 2** University details
- **Step 3** Creating Password
- **Step 4** Verification

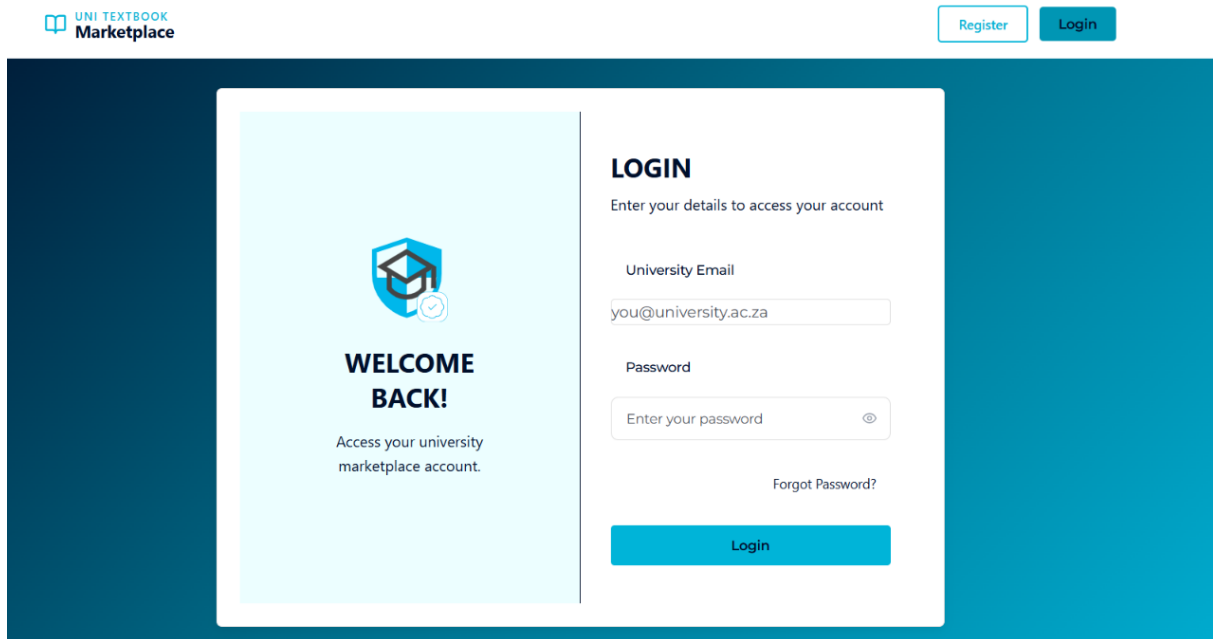

The image shows the 'Register' interface of the Uni Textbook Marketplace. At the top left is the logo 'UNI TEXTBOOK Marketplace'. At the top right are 'Register' and 'Login' buttons. The main content area is split into two panels. The left panel, on a light blue background, features a graduation cap icon with a checkmark and the text 'JOIN OUR STUDENT COMMUNITY' followed by 'Buy, sell and swap textbooks with verified students.' The right panel, on a white background, is titled 'CREATE AN ACCOUNT' and says 'Fill in your details to get started'. It has a progress bar with four steps: 1. Personal Details (active), 2. University Email, 3. Password, and 4. Verification. Below the progress bar are input fields for 'Full Name(s)' and 'Surname', each with a placeholder 'Enter your full name(s)' and 'Enter your surname' respectively. At the bottom of the right panel is a row of four numbered circles (1-4) and a 'Next' button.

Figure 2: Register Interface

2.3 Login Interface

To log in to your existing account, you will need to provide:

- Your email
- Your Password

The screenshot displays the login interface of the Uni Textbook Marketplace. At the top left is the logo, and at the top right are 'Register' and 'Login' buttons. The main content area is split into two sections. The left section, on a light blue background, features a graduation cap icon with a checkmark and the text 'WELCOME BACK!' followed by 'Access your university marketplace account.' The right section, on a white background, is titled 'LOGIN' and includes the instruction 'Enter your details to access your account'. It contains input fields for 'University Email' (with the placeholder 'you@university.ac.za') and 'Password' (with the placeholder 'Enter your password' and a toggle icon). A 'Forgot Password?' link is positioned below the password field. A blue 'Login' button is at the bottom of the right section.

Figure 3: Login Page

2.4 Forgot Password Interface

The Uni Textbook Marketplace provides a password-reset feature for when you forget your password. The Forgot Password page is accessed via a link on the Login page, and the process consists of three steps, including an OTP verification step.

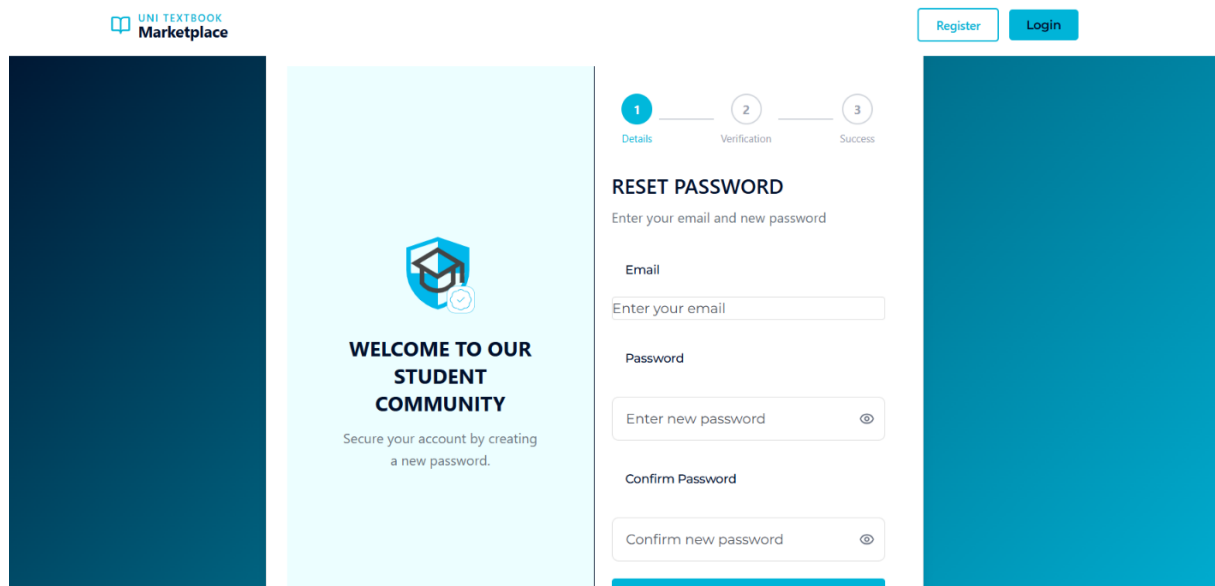

Figure 4: Forgot Password Page

3. Browse Interface

After logging in or registering, you'll land on the Browse page, where you can view all available textbook listings from other students.

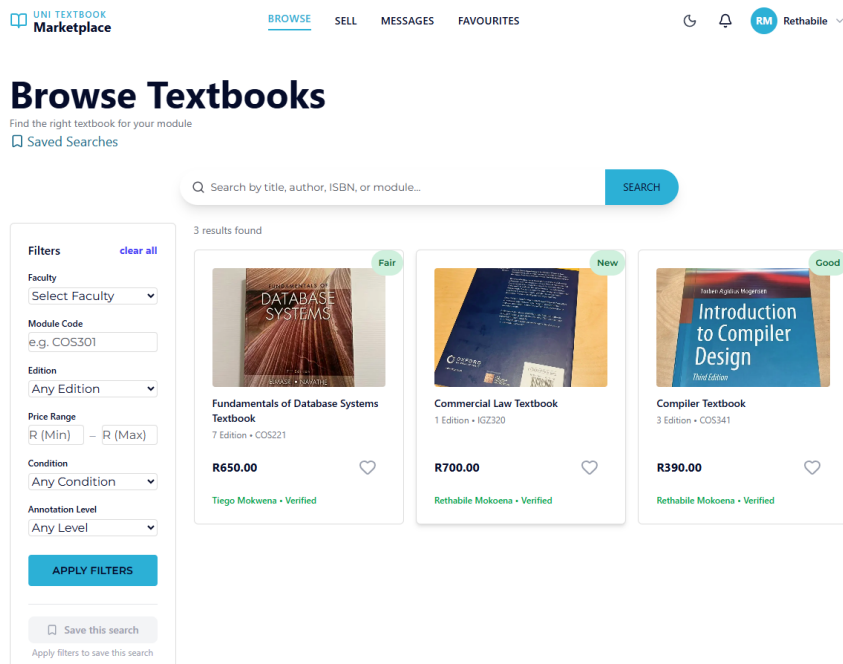

Figure 5: Browse Page

Other features available on the Browse page include **filters**, **search**, **saving a filter**, and **viewing saved filters**.

3.1 Filters and save filters

The Uni Textbook Marketplace lets you filter listings to find the textbook you want. If you don't find what you're looking for right away, you can save the filter and revisit it later by clicking Saved Search. From there, select a saved filter and click Apply to reapply it instantly, without having to re-enter your criteria.

3.2 Search

You can also search for any textbook by name, module, or faculty.

3.3 Saved Searches

Clicking the Saved Search button takes you to a page listing all your saved searches, where you can apply or delete any of them.

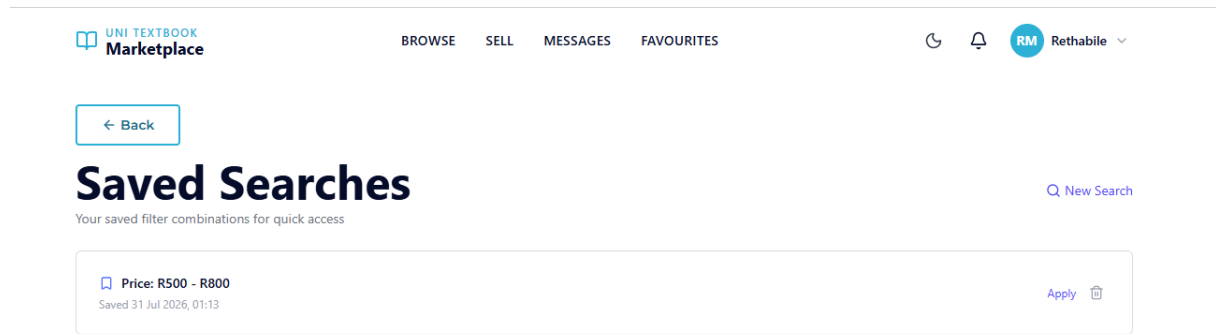

Figure 6: Saved Search

4. Sell Interface

Clicking Sell lets you create a new listing. The process has four steps, and once submitted, your listing will be reviewed by an admin, who can approve or reject it.

- **Step 1** Book details
- **Step 2** Module details
- **Step 3** Listing details
- **Step 4** Upload photos

Figure 7: Book details

4.2 Module details

The screenshot shows the 'Sell Your Textbook' interface. At the top, there's a navigation bar with 'UNI TEXTBOOK Marketplace' logo, 'BROWSE', 'SELL' (highlighted), 'MESSAGES', and 'FAVOURITES'. On the right, there are icons for a refresh, a bell, and a user profile 'RM Rethabile'. Below the navigation bar, the main heading is 'Sell Your Textbook' with the instruction 'Fill in the details below'. There are four tabs: 'Book Details' (active), 'Module Details', 'Listing Details', and 'Upload Pictures'. The 'Module Details' tab is selected, showing a form with the following fields: 'Module Code *' (with example 'e.g. COS301'), 'Module Name *' (with example 'e.g. Software Engineering'), 'Semester *' (with example 'e.g. 1 or 2 & 3 for whole year'), and 'Faculty *' (a dropdown menu with 'Select Faculty'). At the bottom of the form are 'Previous' and 'Next' buttons.

Figure 8: Module Details

4.3 Listing details

The screenshot shows the 'Uni Textbook Marketplace' interface. At the top, there's a navigation bar with 'BROWSE', 'SELL' (highlighted), 'MESSAGES', and 'FAVOURITES'. On the right, there are icons for a refresh, a bell, and a user profile 'RM Rethabile'. Below the navigation bar, a message says 'Fill in the details below'. There are four tabs: 'Book Details' (checked), 'Module Details', 'Listing Details' (active), and 'Upload Pictures'. The 'Listing Details' form contains the following fields:

- Listing title ***: A text input field with a placeholder 'e.g. Title'.
- Condition ***: A dropdown menu with the option 'Select Condition'.
- Annotation Level ***: A dropdown menu with the option 'Select Level'.
- Did you write notes inside ***: A dropdown menu with the option 'No'.
- Price (R) ***: A text input field with a placeholder 'e.g. 350'.
- Description ***: A text area with a placeholder 'Describe the condition of your book, any highlights, missing pages, etc.'

Figure 9: Listing details

4.4 Upload photos

The screenshot shows the 'Sell Your Textbook' interface. At the top, there's a navigation bar with 'UNI TEXTBOOK Marketplace' logo, and links for 'BROWSE', 'SELL' (highlighted), 'MESSAGES', and 'FAVOURITES'. On the right, there are icons for a clock, a bell, and a user profile 'RM Rethabile'. Below the navigation, the main heading is 'Sell Your Textbook' with the instruction 'Fill in the details below'. There are four tabs: '✓ Book Details', '✓ Module Details', '✓ Listing Details', and 'Upload Pictures' (which is active). The 'Upload Pictures' section has a title 'Upload Pictures' and a prompt 'Please upload at least 4 clear photos:'. It lists four requirements: 'Front cover', 'Back cover', 'Side / spine view', and 'Inside pages (showing any annotations)'. Below this is a large dashed rectangular area with an upload icon and the text 'Click to upload images'. At the bottom left of this area, it says '0 / 4+ images uploaded'. At the bottom of the form, there are two buttons: 'Previous' and 'POST LISTING'.

Figure 10: Upload Photos

5. My Listings

The My Listings page shows all the listings you've created, filtered into the following categories:

- All: This is all your listings
- Pending: All your listings that are pending, yet to be reviewed by admin
- Rejected: All your listings that have been rejected by admin, due to various reasons

5.1 Editing Listing

Pending and Rejected listings can be edited, allowing you to change the price, title, photos, and more. This is useful if you entered incorrect details or an admin has requested specific changes.

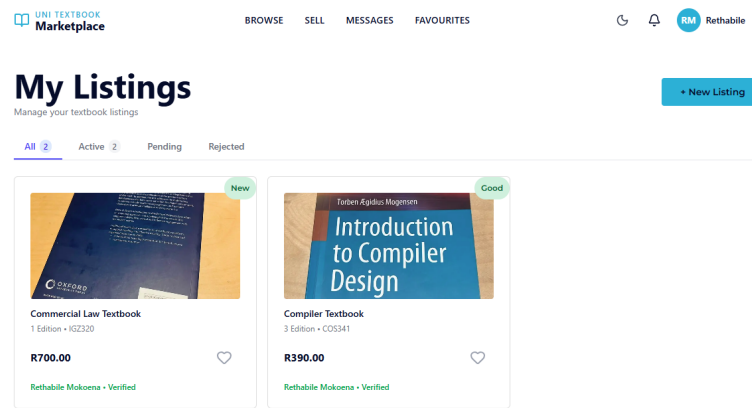

Figure 11: My listing page

5.2 Marking a Listing as Reserved or Sold

Once you've agreed on a sale with a buyer, you can update your listing's status directly from your conversation with that buyer, or from the My Listings page. Mark it as **Reserved** while you arrange the handover, then mark it as **Sold** once the exchange is complete. Both statuses are shown as badges on the listing so other students know it's no longer available.

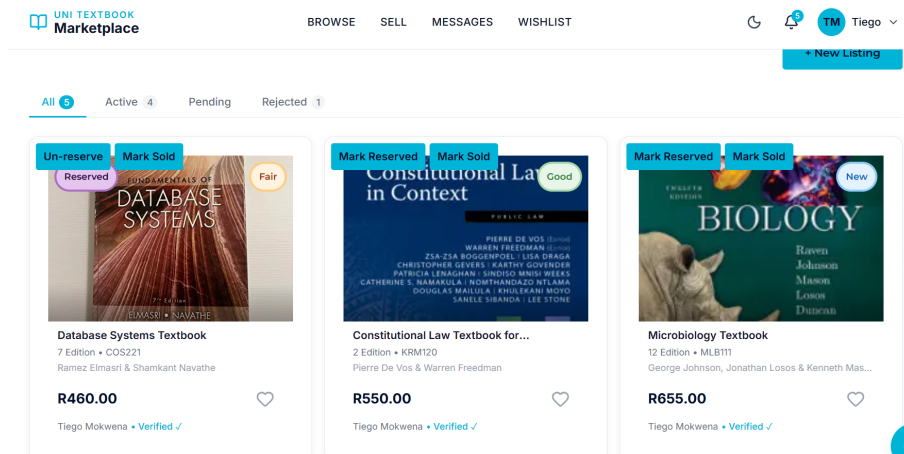

Figure 12: Reserved and Sold status

6. Listing Page

This page displays the full details of a listing, including its module information and book details.

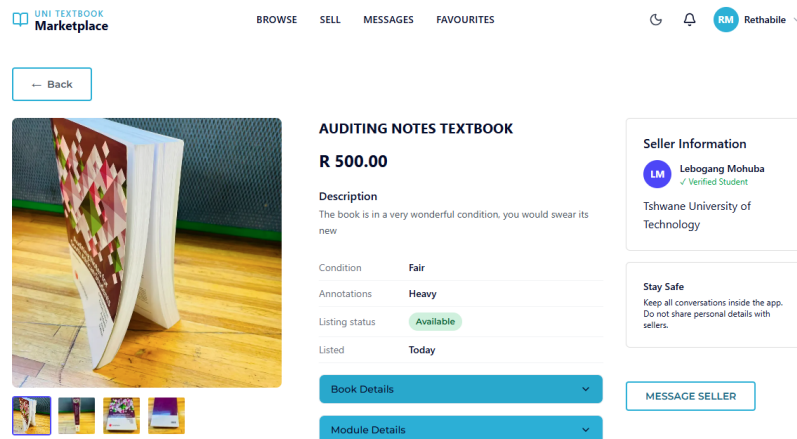

Figure 13: Listing Page

6.1 Reporting a Listing

If a listing looks suspicious or breaks the platform's rules, click Report on the listing page and tell us why. Our admins will review it and take action if needed.

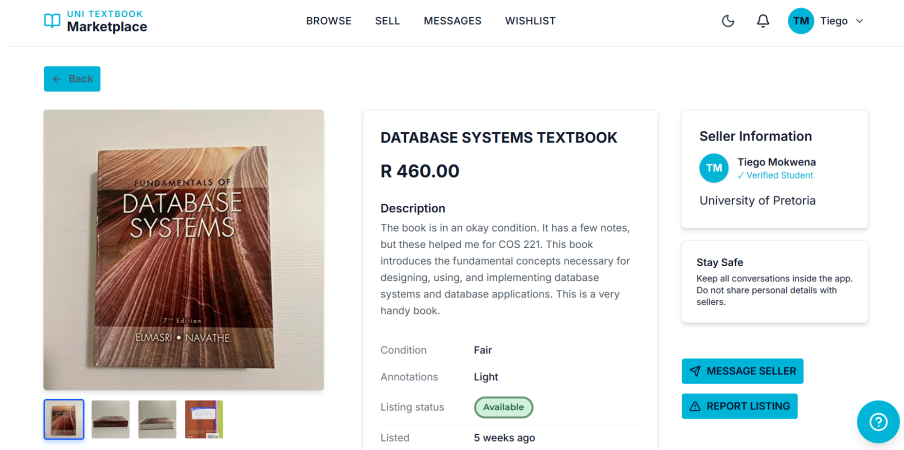

Figure 14: Reporting a listing

7. Messaging

On this page, you can chat with potential buyers or sellers. Conversations are started by clicking the Message button on a listing's page. If you're the seller and you've agreed on a sale within a conversation, you can also mark the listing as Reserved or Sold directly from the thread – see My Listings for details.

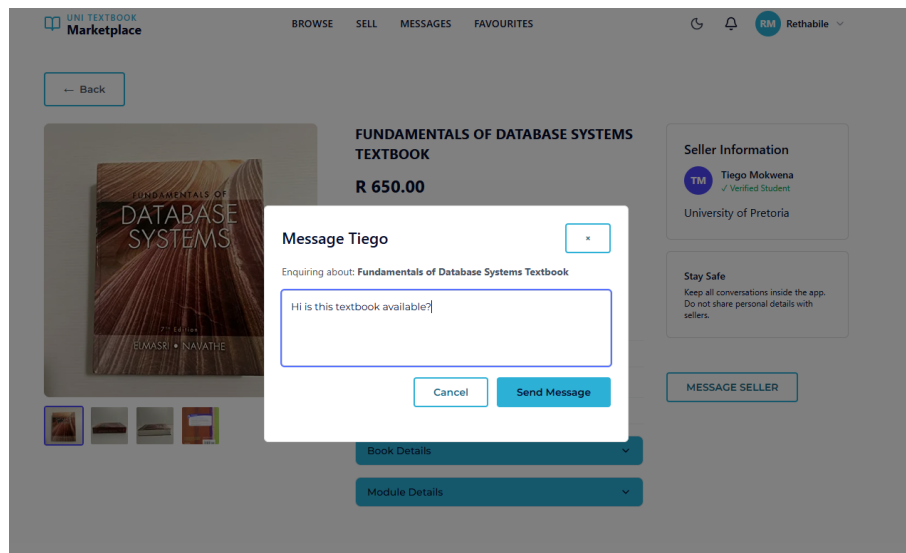

Figure 15: Messaging a Seller

8. Wishlist

On each listing card, click the heart icon to add that listing to your wishlist. Saved listings will appear here.

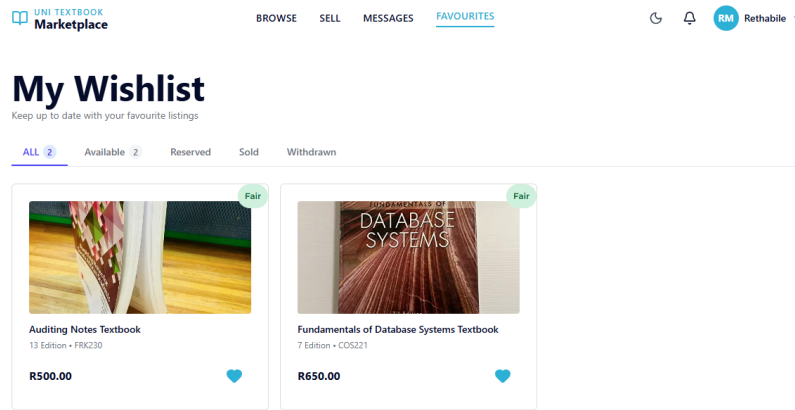

Figure 16: My wishlist

9. Notifications

The Uni Textbook Marketplace keeps you updated on things that matter to you through in-app notifications. Click the bell icon in the navigation bar for a preview of your latest notifications, or visit the Notifications page for your full history.

You'll receive a notification when:

- Your listing is approved or rejected by an admin
- A new listing matches one of your saved searches
- A listing you've wishlisted changes status

Click a notification to go straight to what it's about, or click Mark All Read to clear your unread count.

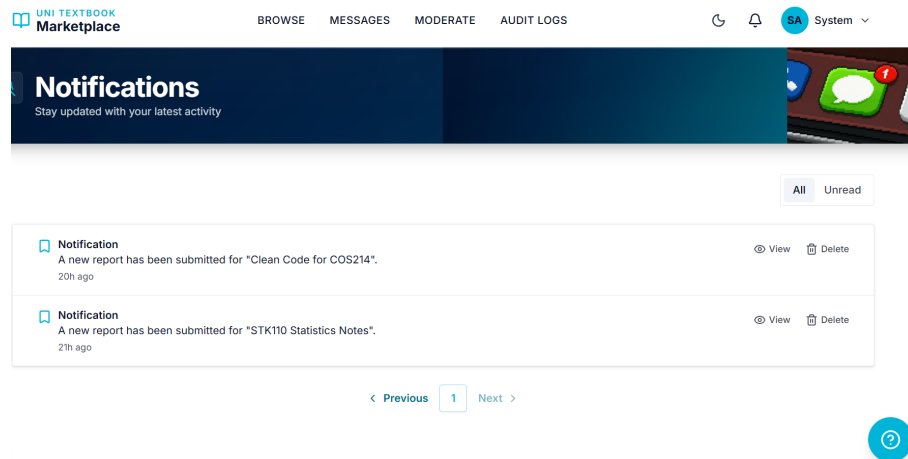

Figure 17: Notifications

10. Account Suspension and Appeals

If your account is suspended for breaking the platform's rules, you'll see a suspension screen instead of the normal app the next time you log in. This screen shows the reason for your suspension, if one was given, and lets you submit an appeal explaining your side.

Once you've submitted an appeal, you'll see a message confirming it's pending review. An admin will look into it and either uphold the suspension or reinstate your account – either way, you'll be notified of the decision.

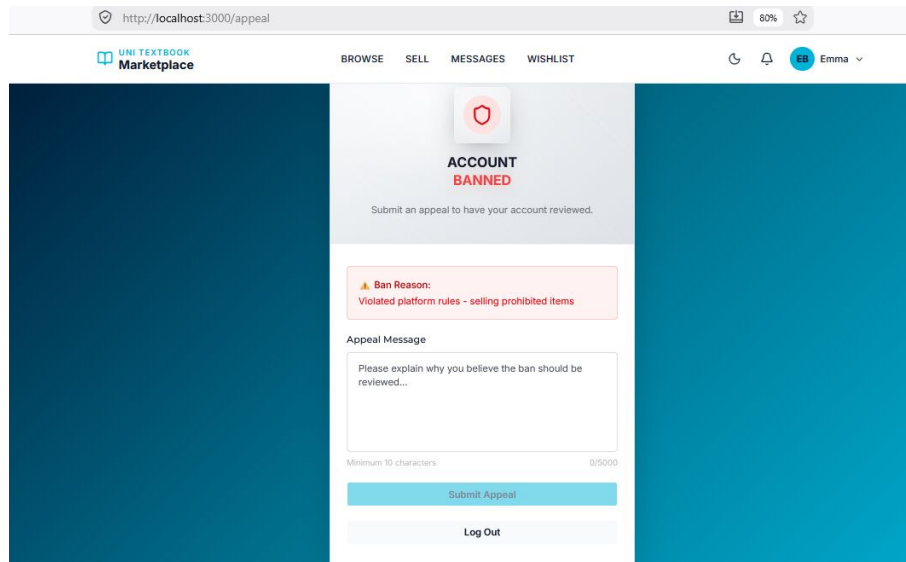

Figure 18: Account suspended screen

11. Moderate

As an admin, you can approve or reject listings from this page.

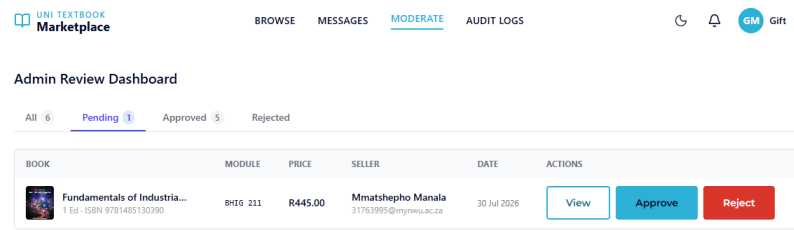

Figure 19: Moderate

12. Report Review

As an admin, you can review listings that students have reported. Each report shows the listing, the reason given, and who reported it. From here, you can dismiss a report if no action is needed, or ban the seller if the listing breaks the rules.

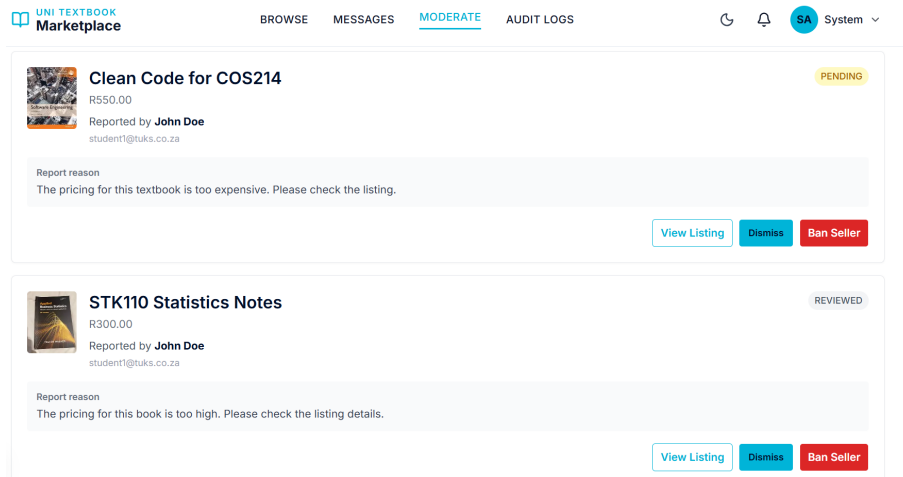

Figure 20: Report review

13. Appeals Review

Suspended students can appeal their ban, and those appeals land here for review. Each appeal shows the student, the reason for their ban, and their appeal message. You can either uphold the ban or reinstate the account, and the student will be notified of your decision either way.

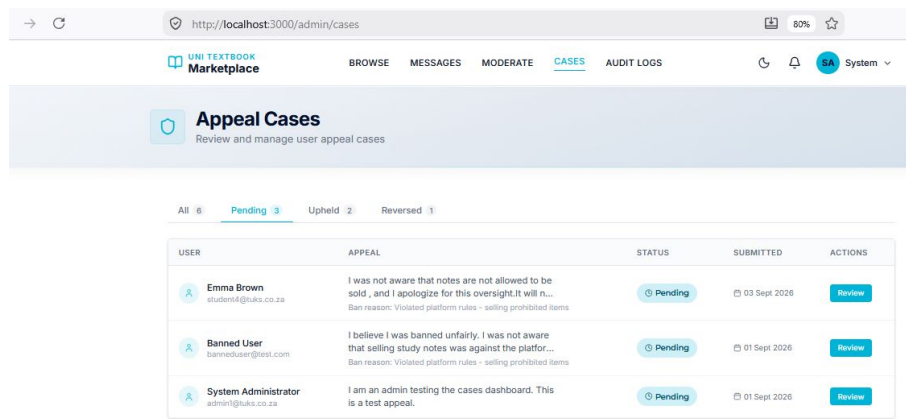

Figure 21: Appeals review

14. Audit log

This page shows all moderation actions performed by admins, including approving or rejecting listings.
